ADD VALUE TO THE CASINO

Santa Claran Hotel & Casino, New Mexico

"The Bonus Box is a truly innovative, unique, and a fun way to offer bonusing to our players."

Donovan York, Director of Slot Operations

SPECTATORS BECOME PLAYERS WITH BONUSBOX

Tangible wins with BonusBox

It may come as no surprise; Casino customers just love winning. The thrill of the action, feeling lucky at the game; it drives people to the casino again and again. It is a known fact that physical wins are attractive. The opportunity of being eligible to win an appealing prize, you can almost touch, makes people stick to their seats and play more.

With BonusBox, Gaming Support has developed a unique and highly successful bonusing system, in close cooperation with known casino operators all over the world. The uniqueness of this product is that it randomly awards physical prizes to casino guests playing the slot machines. Cash, jewelry, mobile phones or even gold bullion; players see what they are playing for. BonusBox allows casino and slot managers to use it at their own discretion and tailor promotions to their customers; entertaining them longer and making their stay more enjoyable at the casino.

BonusBox can be used for standalone operation, using it's own random numbers generator, or as a linked device through Gaming Support's or third party jackpot controllers and/or Casino Management System.

To add to the excitement, the multicolor led's on the BonusBox support actions and events such as alerts and celebrations. Audio emphasizes every winning streak by the sound coming from the built-in speaker.

BonusBox is easily branded to meet your demands with customizable background inserts.

With installs in a great number of casinos worldwide, BonusBox has a proven track record of generating, on average, up to 35 percent increase in coin-in.

Experiences in these casinos prove the power of BonusBox:

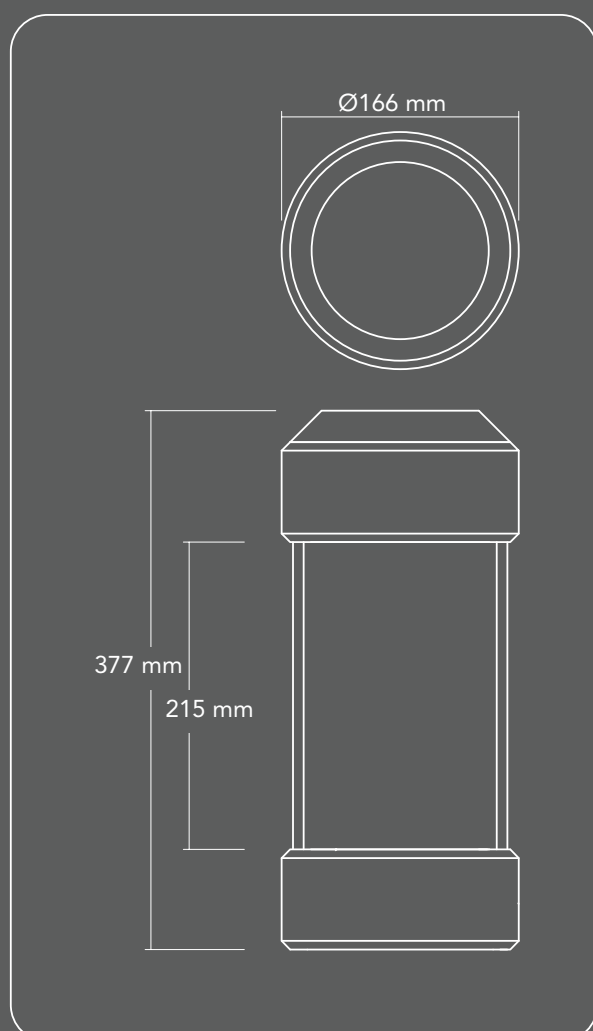

- Adds excitement to the Slot room floor
- Changes spectators into players
- Spending increases and prolongs the play
- Increases coin-in revenue
- Compatible with most jackpot systems and controllers

LOOKING FOR INNOVATIONS

Casino Mazagan, Morocco

“Our players continue to love how BonusBox adds more excitement and fun to their playing experience,” stated Hervé Boisteau, Slots Director for Casino Mazagan. “Slots with BonusBox attached regularly record above-average figures, and we have found BonusBox to be a great addition to our slot floor.”
